INTERCOM FORM

ATTENTION: Resident

RE: Intercom

In order to have guests contact you from the front lobby we need to know the local (area code 902) telephone number you would like linked to the intercom or provide assurance that you have long distance free coverage on your phone plan. Please fill in the Information below and return to the superintendent. The cost to set up the intercom access is \$25.00.

When you receive a call from the lobby (902-429-8792) answer the call to ensure you know the caller and simply press "6" to allow access to the building.

Your unit number will not correspond with your 3-digit intercom code. Your guest will find your name on the Intercom panel in alphabetical order by last name, first Initial.

Name: _____
